

Dear \_\_\_\_\_ :

I am respectfully asking you to do all you can to encourage the NYSDEC and the ACOE to fully restore Asharoken Beach. The safety of the residents who live on the road, the long term protection of the road and access to Eaton's Neck (home to over 2000 people, many of whom are not Asharoken residents, the Eaton's Neck Coast Guard Station and a Huntington Town Beach) are all dependent on a full and complete restoration of the beach.

During Hurricane Sandy many homes were damaged and the road was nearly lost. The village of Asharoken has approximately 300 homes and about 650 residents and can't be expected to carry the burden of the cost of this restoration. The village is asking for full federal and state funding for the feasibility study as well as the restoration project.

Thank you for your help.
