INSTRUCTIONS

1. This application must be completely filled in and notarized. Submit **(4 copies)** to the Village Clerk.
2. This application must be accompanied by the following:
 - a. Complete plans and specifications **(4 copies)** for the proposed construction or alteration including foundation plans, all floor plans, all elevations, depth and location of all excavation, section showing riser diagram for plumbing, means and location of sewage disposal and structural details.
 - b. Plat, **(4 copies)** drawn to scale showing the actual dimensions of the lot, the size of the building or part thereof to be erected and the location of the building on the lot with distances from boundaries and any other structures on the lot.
3. Any other permits as required, such as Conservation, Suffolk County Dept of Health Services, USACOE, NYSDEC, and Environmental Review Board are the responsibility of the applicant.
4. Plans and specifications for all work must conform to New York State Fire Prevention and Building Code for alterations whatever the cost, which affect the structural safety of the building, shall be stamped with the seal of licensed architect or a professional engineer, either licensed in New York or allowed to practice in New York. If the architect or engineer is not licensed in New York, a special certificate issued by the Department of Education certifying to his right to practice in New York should be attached.
5. All papers are filed with the Village Clerk. The Building Inspector will then review entire package and approve or disapprove.
6. Once the application is approved, the building Permit will be issued subject to: **(See attached Checklist of Required Documents)**. Any work covered by this application may not commence before the issuance of a Building Permit and the fee required, payable to: "Incorporated Village of Asharoken".
7. Once all required documents are submitted and **permit fee has been paid in full**, the Building Inspector will issue a Building Permit to the applicant, together with an approved set of plans, specifications, and a schedule of required inspections. **(See Attached Required Inspection form)** Such approved plans and specifications shall be kept on the premises available for inspection throughout the progress of the work.
8. Building Permit Notice shall be prominently displayed on the job site at all times during the progress of construction, so as to be readily seen.
9. No building hereafter erected shall be used or occupied in whole or in part, and no building hereafter altered shall continue to be used or occupied for more than thirty days after completion of such alteration until a Certificate of Occupancy shall have been issued by the Building Department. A New York State Board of Underwriters Certificate (or equivalent inspection agency) for the electrical inspection is required for issuing a Certificate of Occupancy.
10. The New York State Uniform Fire Prevention and Building Construction Code have been adopted by the Village of Asharoken and shall be complied with.
11. A separate Certificate of Approval from the Suffolk County Department of Health for sewage disposal should be obtained before backfilling.
12. Must supply the elevation certification after the completion of a New Construction or addition.
