INDEPENDENT AUDITORS' REPORT

Board of Trustees
Incorporated Village of Asharoken
Northport, New York

Opinion

We have audited the accompanying financial statements of the governmental activities and each major fund of the Incorporated Village of Asharoken, as of and for the year ended May 31, 2023, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Incorporated Village of Asharoken, as of May 31, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Incorporated Village of Asharoken, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

America Counts on CPAs

Fairfield Office Park
700 Veterans Memorial Highway

Hauppauge, NY 11788

Phone: (631) 851-1201
Fax: (631) 851-1206
Email: info@sfhcpa.com
Website: www.sfhcpa.com

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Incorporated Village of Asharoken's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Incorporated Village of Asharoken's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Incorporated Village of Asharoken's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, local government's proportionate share of the net pension liability (asset), local government contributions, and changes in total OPEB liability and related ratios be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

INCORPORATED VILLAGE OF ASHAROKEN

Management's Discussion and Analysis (Unaudited)

The Board of Trustees of the Incorporated Village of Asharoken (the "Village"), would like to offer readers of the Village's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended May 31, 2023. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The Statement of Net Position and the Statement of Activities provide information about the activities of the Village as a whole and present a long-term view of the Village's finances. Fund financial statements report how Village activities were financed in the short-term, as well as what remains for future spending. Fund financial statements also report the Village's operations in more detail by providing information about the Village's most significant funds. The financial statements also include notes that provide additional information about the financial statements and the balances reported. The statements are followed by the required supplementary information, which supports the financial statements with a comparison of the Village's General Fund budget for the year, as well as the schedule of the local government's proportionate share of the net pension liability (asset), the schedule of local government contributions, and the schedule of changes in total OPEB liability and related ratios.

FINANCIAL ANALYSIS OF THE VILLAGE AS A WHOLE

Net Position

The Village's total net position increased by \$317,242 for the fiscal year ended May 31, 2023. A condensed summary of the Village's Statement of Net Position for the current year is detailed below:

Condensed Statement of Net Position – Governmental Activities

	<u>May 31, 2023</u>	<u>May 31, 2022</u>
Assets		
Current and Other Assets	\$ 1,944,238	\$ 1,934,177
Capital Assets (net)	<u>2,078,333</u>	<u>1,609,790</u>
Total Assets	<u>4,022,571</u>	<u>3,543,967</u>
Deferred Outflows of Resources	<u>523,599</u>	<u>603,891</u>
Liabilities		
Liabilities	226,691	197,750
Long-Term Liabilities	<u>3,559,252</u>	<u>2,886,330</u>
Total Liabilities	<u>3,785,943</u>	<u>3,084,080</u>
Deferred Inflows of Resources	<u>50,370</u>	<u>671,163</u>
Net Position		
Net Investment in Capital Assets	2,078,333	1,609,790
Restricted	-	17,765
Unrestricted	<u>(1,368,476)</u>	<u>(1,234,940)</u>
Total Net Position	<u>\$ 709,857</u>	<u>\$ 392,615</u>

Net investment in capital assets is the Village's investment in capital assets such as buildings, infrastructure, machinery and equipment, furniture and fixtures, and vehicles, reduced by accumulated depreciation. This figure also includes land, which is not depreciated. More detailed information can be found in the Notes to the Financial Statements.

Change in Net Position

The Statement of Activities reports the result of the current and prior year's operations and the effect on net position in the accompanying financial statements. A summary of changes in net position from operating results is shown below:

Change in Net Position from Operating Results – Governmental Activities

	For The Years Ended	
	May 31, 2023	May 31, 2022
Revenues		
Program Revenues:		
Fees, Fines and Charges for Services	\$ 259,424	\$ 207,047
Operating Grants and Contributions	67,639	75,997
Capital Grants and Contributions	238,657	86,518
General Revenues:		
Property Taxes and Property/Non Property Tax Items	1,731,676	1,715,899
Use of Money and Property	17,769	7,361
State and Federal Aid	65,885	80,860
Other Compensation for Loss	290,700	-
Gifts and Donations	15,250	17,000
Other	-	3,850
Total Revenues	<u>2,687,000</u>	<u>2,194,532</u>
Expenses		
Governmental Activities:		
General Government Support	452,650	365,893
Public Safety	1,707,095	1,457,113
Transportation	24,199	9,809
Culture and Recreation	37,950	27,719
Home and Community Services	147,864	155,874
Total Expenses	<u>2,369,758</u>	<u>2,016,408</u>
Change in Net Position	317,242	178,124
Net Position - Beginning of Year	<u>392,615</u>	<u>214,491</u>
Net Position - End of Year	<u>\$ 709,857</u>	<u>\$ 392,615</u>

ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATION

The Village had an excess of revenues over expenses of \$317,242. This excess caused an increase in net position resulting in an improvement in the financial position of the Village.

The Village had a net increase in total revenues of \$492,468 as compared to the previous year. This was mainly due to other compensation for loss of \$290,700. During the year, the Village received reimbursement from National Grid for road work, as well as revenue from a class action PCB Settlement. The Village also had a significant increase in State and Federal Aid, primarily due to \$131,309 received from the Consolidated Highway Improvement Program (CHIPS) for road work.

In addition, the Village had a net increase in total expenses of \$353,350, as compared to the prior year. This was mainly due to an increase in employee benefits for the current year. Overall, most expenses were in line with the prior year.

ANALYSIS OF BALANCES AND TRANSACTIONS OF INDIVIDUAL FUNDS

The fund balance in the General Fund increased by \$6,014 to \$1,723,445. Of this amount, \$290,000 the Board of Trustees has assigned to the subsequent year budget, and \$1,230,651 is assigned for other future obligations including infrastructure, feasibility study, retirement, health insurance, police, marine, sanitation, equipment maintenance, building repair and maintenance costs, and other purposes. A schedule of these assigned amounts is included in the notes to the financial statements. A total of \$202,794 constitutes unassigned fund balance.

BUDGETARY ANALYSIS

During the year, the Board approved several budget modifications. Significant modifications included an increase to State and Federal Aid of \$201,309 to account for grants received from CHIPS and NYS Department of Transportation multi-modal grant as well as an increase in highway repairs of \$260,504 due to paving and engineer costs related to Asharoken Ave.

The following variances existed between the final budget for the fiscal year ended May 31, 2023 and the actual results:

Revenues:

- Final actual amounts were over budget by \$501,157.
- Licenses and Permits: (increase \$83,388) actual building permits revenue was higher than anticipated due to a significant amount of building activity during the year. The Village issued building permits for several new homes.
- Fines and Forfeitures: (increase \$93,029) during the fiscal year the Village issued significant one-time fines to residents for tree removal without a permit.
- Compensation for Loss: (increase \$290,700) during the year the Village was reimbursed from National Grid for road work. In addition, the Village received monies as a result of a class action PCB settlement case.

Expenditures:

- Actual total expenditures were \$137,950 greater than the final budgeted amounts.
- General Government Support: Most expenditures were in line with expected amounts. Overall, expenditures related to General Government Support were \$94,538 less than budgeted amounts. The contingency account had a budget of \$50,000 which was not utilized during the year.
- Public Safety: Expenditures were \$36,761 less than budgeted amounts. This was mainly due to police personnel expenditures being under budget approximately \$49,000 as a result of less overtime and payouts to officers as compared to prior years.
- Transportation: Expenditures were \$255,564 greater than expected amounts. The Village performed various road work during the year totaling approximately \$533,000 which was not budgeted. A portion of the road work was reimbursed by CHIPS, as noted above.

These variations from budgeted amounts are not expected to affect future services or liquidity.

A detailed schedule showing the budgeted amounts compared to the Village's actual financial activity for the General Fund is provided in this report as required supplementary information.

CAPITAL ASSETS AND LONG-TERM DEBT ACTIVITY

The Village's investment in capital assets as of May 31, 2023 totaled \$2,078,333 (net of accumulated depreciation). The increase in net capital assets for the year was \$468,543. During the course of the fiscal year, the Village acquired various capital assets totaling \$584,011 which was mainly comprised of road work projects totaling \$533,654. The acquisitions were capitalized and are being depreciated, where applicable, using the straight-line method of depreciation. The Village had no long-term debt activity.

CURRENTLY KNOWN FACTS, DECISIONS AND CONDITIONS

The economic conditions of the Village mirror those of the rest of the region. The Village faces increasing costs and shrinking revenues from non-property tax revenue. The administration has been diligent in controlling expenses while continuing to provide efficient services to the residents.

The Village applied for funding under the American Rescue Plan Act (ARPA). The first payment of \$33,128 was received during the prior fiscal year. The second payment of the same amount was received July 15, 2022.

CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT

This financial report is designed to provide the reader with a general overview of the Village's finances and to demonstrate the Village's accountability for the funds it receives. If you have any questions about this report, or need additional financial information, contact:

INCORPORATED VILLAGE OF ASHAROKEN
Reconciliation of the Governmental Fund Balance Sheet
to the Statement of Net Position
As of May 31, 2023

Total Fund Balance - Total Governmental Fund \$ 1,723,445

This amount differs from the amount of net position in the Statement of Net Position due to the following:

Amounts for prepaid expenses are included in the government-wide financial statements as assets and are added. 56,965

Deferred outflows of resources related to pension are not reported in the governmental fund. 523,599

Capital assets are included in the government-wide financial statements as assets and are added, net of accumulated depreciation. 2,078,333

Liabilities that do not require the use of current financial resources are included in the government-wide financial statements and are deducted. (62,863)

Long-term liabilities do not require the use of current financial resources and, accordingly, are not reported in the governmental fund. These liabilities are, however, included in the government-wide financial statements and are deducted.

Net Pension Liability	(636,730)
Other Post-Employment Benefits	(2,602,596)
Compensated Absences	(319,926)

Deferred inflows of resources related to pension are not reported in the governmental fund. (50,370)

Total Net Position \$ 709,857

INCORPORATED VILLAGE OF ASHAROKEN
Statement of Revenues, Expenditures and Change in Fund Balance
For the Year Ended May 31, 2023

	General
Revenues:	
Real Property Taxes	\$ 1,693,347
Real Property Tax Items	3,227
Non Property Tax Items	35,102
Departmental Income	5,007
Use of Money and Property	17,769
Licenses and Permits	121,388
Fines and Forfeitures	133,029
Compensation for Loss	290,700
Miscellaneous Local Sources	35,103
State and Federal Aid	352,328
Total Revenues	2,687,000
 Expenditures:	
General Government Support	343,180
Public Safety	1,152,081
Transportation	541,727
Culture and Recreation	37,950
Home and Community Services	147,864
Employee Benefits	458,184
Total Expenditures	2,680,986

 Fund Balance at Beginning of Year	 1,717,431
 Fund Balance at End of Year	 \$ 1,723,445

INCORPORATED VILLAGE OF ASHAROKEN
Reconciliation of the Statement of Revenues, Expenditures and Change
in Fund Balance of the Governmental Fund to the Statement of Activities
For the Year Ended May 31, 2023

Net Change in Fund Balance for Total Governmental Fund \$ 6,014

This amount differs from the change in net position in the Statement of Activities because of the following:

Capital outlays for acquisition of capital assets are recorded in the governmental fund as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital expenditures	584,011
Depreciation expense	(115,468)

Expenditures are recorded in the Governmental Fund when the payments are due. In the Statement of Activities, these costs are allocated over the period that they pertain to. This is the amount by which the current period expenditures exceed the total costs allocated over the applicable periods. (1,233)

Net change in deferred outflows of resources related to pension is not reported in the governmental fund. (80,292)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental fund.

Net Pension Liability	(586,951)
Other Post-Employment Benefits	(77,511)
Compensated Absences	(26,225)
Prepaid Expenses	(5,896)

Net change in deferred inflows of resources related to pension is not reported in the governmental fund. 620,793

\$ 317,242

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Village have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The Village's significant accounting policies are described below.

A. FINANCIAL REPORTING ENTITY

The Incorporated Village of Asharoken (the Village), which was established in 1925, is governed by village law, general laws of the State of New York, and various local laws. The Board of Trustees is the legislative body responsible for overall operations, the Mayor serves as chief executive officer and the Clerk serves as chief fiscal officer. The Village operates under a Board of Trustees form of government and provides the following services as authorized by its charter: general government, public safety, contracted fire services, refuse collection and road maintenance.

All governmental activities and functions performed for the Incorporated Village of Asharoken are its direct responsibility. No other governmental organizations have been included or excluded from the reporting entity.

The financial reporting entity consists of (a) the primary government which is the Village, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth in GASB Statement 14, 39 and 61.

The decision to include a potential component unit in the Village's reporting entity is based on several criteria set forth in GASB 14, 39 and 61 including legal standing, fiscal dependency, and financial accountability. No other organizations have been included or excluded from the reporting entity.

B. BASIS OF PRESENTATION

1. Government-wide Financial Statements:

The government-wide financial statements (the Statement of Net Position and the Statement of Activities) report information on all of the activities of the Village. Fiduciary activities of the Village are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Village's assets and liabilities, including capital and infrastructure assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

the liability is incurred. The types of transactions reported as program revenues for the Village are reported in three categories: 1) fees, fines, and charges for services, 2) operating grants and contributions and 3) capital grants and contributions.

Certain eliminations (as necessary) have been made as prescribed by GASB Statement No. 34 in regard to interfund activities, payables and receivables. All interfund balances in the Statement of Net Position have been eliminated (where applicable).

2. Fund Financial Statements:

The Village uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts.

The Village records its transactions in the fund types described below.

Fund Categories

GOVERNMENTAL FUNDS – Governmental funds are those through which most governmental functions are financed. The acquisition, use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus of the governmental funds is upon determination of financial position and changes in financial position (the source, uses and balances of current financial resources). The following are the Village’s governmental fund types.

General Fund – the principal operating fund and includes all operations not accounted for and reported in another fund.

3. Equity Classifications:

Government-wide Financial Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net assets with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or law through constitutional provisions or enabling legislation.

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

- c. Unrestricted net position – All other net assets that do not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54), breaks fund balance into five classifications: nonspendable, restricted, committed, assigned, and unassigned.

- a. Nonspendable - Consists of assets that are inherently nonspendable in the current period either because of their form or because they must be maintained intact, including prepaid items, inventories, long-term portions of loans receivable, financial assets held for resale, and principal of endowments.
- b. Restricted – Consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.
- c. Committed – Consists of amounts that are subject to a purpose constraint imposed by a formal action of the government’s highest level of decision-making authority before the end of the fiscal year, and that require the same level of formal action to remove the constraint. The Board is the decision-making authority that can, by resolution prior to the end of the fiscal year, commit fund balance.
- d. Assigned – Consists of amounts that are subject to a purpose constraint that represents an intended use established by the government’s highest level of decision-making authority, or by their designated body or official. The purpose of the assignment must be narrower than the purpose of the general fund, and in funds other than the general fund, the assigned fund balance represents the residual amount of the fund balance.
- e. Unassigned – Represents the residual classification for the government’s general fund, and could report a surplus or deficit. In funds other than the general fund, the unassigned classification should be used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

When resources are available from multiple classifications, the Village spends funds in the following order: restricted, committed, assigned, unassigned.

C. BASIS OF ACCOUNTING/MEASUREMENT FOCUS

Basis of accounting refers to when revenues and expenditures/expenses and the related assets, deferred outflows, liabilities and deferred inflows are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus. Measurement focus is the determination of what is measured, i.e. expenditures or expenses.

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities are included on the Statement of Net Position and the operating statements present increases (revenues) and decreases (expenses) in net position. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recognized at the time the liability is incurred.

Modified Accrual Basis – All Governmental Funds are accounted for using the modified accrual basis of accounting.

Under this basis of accounting, revenues are recorded when measurable and available. Available means collectible within the current period or soon enough, thereafter, to be used to pay liabilities of the current period. Revenues are considered available if collected within 60 days of the end of the current fiscal year.

Material revenues that are accrued include real property taxes, State and Federal Aid, sales tax and certain user charges. If expenditures are the prime factor for determining eligibility, revenue from Federal and State grants are accrued when the expenditure is made, all other grant requirements have been met, and the resources are available.

Expenditures are recorded when a liability is incurred except that:

- Expenditures for prepaid items and inventory-type items are recognized at the time of purchase.
- Principal and interest on indebtedness are recognized as an expenditure when payment is due.
- Compensated absences, such as vacation and sick leave, which vests or accumulates, are charged as an expenditure when payment is due.
- Other post-employment benefits are charged as expenditures when payment is due.

D. CASH AND CASH EQUIVALENTS

The Village considers all highly liquid instruments with a maturity of three months or less at the date of purchase to be cash equivalents.

E. PROPERTY TAXES

Village real property taxes are levied annually no later than May 15 and become a lien on the first day of the levy year. Taxes are collected during the period June 1 to July 1 without penalty or interest. Penalty and interest are imposed pursuant to the Real Property Tax Law.

General Municipal Law Section 3-c established a tax levy limit for local governments in New York State effective June 24, 2011. This law generally limits the amount by which local governments can increase property tax levies to 2 percent or the rate of inflation, whichever is less. The law does provide exclusions for certain specific costs and allows the governing board to override the tax levy limit with a supermajority vote.

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

F. BUDGETARY DATA

1. Budget Policies - The budget policies are as follows:

- a. No later than March 20, the budget officer submits a tentative budget to the Board of Trustees for the fiscal year commencing the following June 1. The tentative budget includes proposed expenditures and the proposed means of financing the General Fund.
- b. A public hearing is conducted by the Board of Trustees to obtain comments, no later than May 1, the Board of Trustees adopts the budget.
- c. All modifications to the budget must be approved by the Board of Trustees. However, the Treasurer is authorized to transfer certain budget amounts within departments.
- d. Budgets are adopted annually on a basis consistent with generally accepted accounting principles applicable to municipalities.
- e. Appropriations in all budgeted funds lapse at the end of the fiscal year, except that outstanding encumbrances are re-appointed in the subsequent year.

G. ACCOUNTS RECEIVABLE

Accounts receivable are shown gross, with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that such allowances would not be material.

H. CAPITAL ASSETS

Capital assets, which include buildings, infrastructure, machinery and equipment, furniture and fixtures, vehicles, and land, are reported in the government-wide financial statements. The capital assets are reported at original cost. Depreciation has been recorded using the straight-line method over 25 years for infrastructure, 5 to 10 years for machinery and equipment and furniture and fixtures, and 7 to 10 years for vehicles. Construction in progress and land are not depreciated. The Village capitalizes all fixed assets with a cost of \$500 or more.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

The costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures in governmental funds. Capital assets are not shown on governmental fund balance sheets.

I. COMPENSATED ABSENCES

Village police officers are granted vacation pay, sick leave and other compensatory hours in varying amounts. Estimated vacation pay, sick leave and other compensatory hours accumulated by police officers have been recorded in the government-wide financial

INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023

statements. Payment of this estimated liability is dependent upon many factors, therefore, timing of future payments is not readily determinable. However, management believes that sufficient resources will be made available for the payment of these obligations when such payment becomes due. At May 31, 2023, the Village has an estimated liability of \$319,926 for compensated absences.

J. OTHER POST-EMPLOYMENT BENEFITS

In addition to providing pension benefits, the Village provides health insurance coverage and survivor benefits for retired employees and their survivors. Currently, only members of the Village's Police Department are eligible for these benefits.

Healthcare benefits and survivor benefits are provided through an insurance company whose premiums are based on the benefits paid during the year. The Village recognizes the cost of providing benefits by recording its share of insurance premiums as an expenditure in the governmental funds in the year paid. The liability for these other post-employment benefits payable is recorded as a long-term liability in the government-wide financial statements. The liability is estimated based on the most recent actuarial valuation in accordance with the parameters of GASB Statement No. 75.

K. INSURANCE

The Village assumes the liability for most risk including, but not limited to, property damage and personal injury liability. Judgments and claims are recorded when it is probable that an asset has been impaired or a liability has been incurred and the amount of the loss can be reasonably estimated.

L. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results may differ from those estimates.

M. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an outflow resources (expenditure/expense) until that time.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources until that time.

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

N. NEW ACCOUNTING STANDARD

Effective June 1, 2022, the Village implemented GASB No. 87, *Leases*. This standard will improve consistency in accounting and financial reporting for leases by governments, as well as requiring the recognition of certain lease assets and liabilities for leases that were previously classified as operating leases. The provisions of this adoption had no material effect on the financial statements on the Village.

II. DETAIL NOTES ON ALL FUNDS

A. ASSETS

1. Cash and Investments:

The Village investment policy is governed by State statutes. In addition, the Village has its own written investment policy. Village monies must be deposited in FDIC-insured commercial banks or trust companies located within the State. The Village Clerk is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and U.S. agencies, repurchase agreements, and obligations of New York State or its localities.

Collateral is required for demand deposits and certificates of deposit as provided for by law of all deposits not covered by federal deposit insurance (FDIC). Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

For purposes of reporting cash flow, cash equivalents are defined as short-term, highly liquid investments that are both readily convertible to known amounts of cash and near their maturity.

Deposits and investments at year-end were entirely covered by federal depository insurance or by collateral held by the Village's custodial bank in the Village's name.

They consisted of:

Deposits: All deposits, including certificates of deposit, are carried at cost plus accrued interest.

Bank balances for the Village's deposits with financial institutions as of May 31, 2023 totaled \$1,835,757 and are covered by FDIC insurance or third-party collateral as follows:

Amount FDIC - Insured	\$	250,000
Collateral Held by Village's Letter of Credit		1,585,757
Total Balances	\$	1,835,757

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

B. LIABILITIES

1. Pension Plan:

Plan Description

The Village of Asharoken participates in the New York State and Local Employees' Retirement System (ERS) and the New York State and Local Police and Fire Retirement System (PFRS), which are collectively referred to as the New York State and Local Retirement System (the System). The net position of the System is held in the New York State Common Retirement Fund (the Fund), which was established to hold all net assets and record changes in fiduciary net position allocated to the System.

The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the System. The Comptroller is an elected official determined in a direct statewide election and serves a four-year term. Thomas P. DiNapoli has served as Comptroller since February 7, 2007. In November 2022, he was elected for a new term commencing January 1, 2023.

System benefits are established under the provisions of the New York State Retirement and Social Security Law (RSSL). Once a public employer elects to participate in the System, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. Generally, members of the System are employees, of the State and its municipalities, other than New York City.

ERS and PFRS are cost-sharing, multiple-employer, defined benefit pension plans. The System is included in the State of New York's financial report as a pension trust fund. The Public Employees' Group Life Insurance Plan (GLIP) provides death benefits in the form of life insurance. In these statements, GLIP amounts are apportioned to and included in ERS and PFRS.

Separately issued financial statements for the System can be accessed on the Comptroller's website at www.osc.state.ny.us/retire/about_us/financial_statements_index.php.

Employer Contributions

Participating employers are required under the RSSL to contribute to the System at an actuarially determined rate adopted annually by the Comptroller. The average contribution rate for ERS for the fiscal year ended March 31, 2023 was approximately 11.6% of covered employee payroll. The average contribution rate for PFRS for the fiscal year ended March 31, 2023 was approximately 27% of covered employee payroll. Delinquent annual bills for employer contributions accrue interest at the actuarial rate applicable during the year. For the fiscal year ended March 31, 2023, the applicable interest rate was 5.9%.

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

Contributions for the current year and two preceding years were equal to 100% of the contributions required, and were as follows:

2022-23	\$	199,491
2021-22		199,652
2020-21		166,426

Member Contributions

Generally, Tier 3, 4, and 5 members must contribute 3% of their salary to the System. As a result of Article 19 of the RSSL, eligible Tier 3 and 4 employees, with a membership date on or after July 27, 1976, who have ten or more years of membership or credited service with the System, are not required to contribute. Members cannot be required to begin making contributions or to make increased contributions beyond what was required when membership began. For Tier 6 members, the contribution rate varies from 3% to 6% depending on salary. Generally, Tier 5 and 6 members are required to contribute for all years of service.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At May 31, 2023, the Village reported a liability of \$592,915 (PFRS) and a liability of \$43,815 (ERS) for its proportionate share of the net pension liability. The net pension liability was measured as of March 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Village's proportion of the net pension liability was based on a projection of the Village's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At May 31, 2023, the Village's proportion was .0002043% for ERS, which was a decrease of .0000130 from its proportion measured at March 31, 2022. The Village's proportion for PFRS was 0.0107598%, which was a decrease of .0011309 from its proportion measured at March 31, 2022.

For the year ended May 31, 2023, the Village recognized pension expense of \$246,300. At May 31, 2023, the Village reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 62,618	\$ 1,230
Changes in Assumptions	310,205	235
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	1,048	257
Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions	149,728	48,648
Village's Contributions Subsequent to the Measurement Date	-	-
	<u>\$ 523,599</u>	<u>\$ 50,370</u>

There were no amounts reported as deferred outflows of resources related to pensions resulting from the Village contributions subsequent to the measurement date. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended March 31:	
2024	\$ 107,679
2025	9,445
2026	200,166
2027	136,471
2028	19,468
	<u>\$ 473,229</u>

Actuarial Assumptions

The total pension liability as of March 31, 2023 was determined by using an actuarial valuation as of April 1, 2022, with update procedures used to roll forward the total pension liability/asset to March 31, 2023. The actuarial valuation for both ERS and PFRS used the following actuarial assumptions:

	<u>ERS</u>	<u>PFRS</u>
Inflation	2.9%	2.9%
Salary Increases	4.4%	6.2%
Investment Rate of Return (Net of Investment Expense, Including Inflation)	5.9%	5.9%
Cost of Living Adjustments	1.5%	1.5%

Annuitant mortality rates are based on April 1, 2015 – April 1, 2020 System experience with adjustments for mortality improvements based on the Society of Actuaries' Scale MP-2020. The previous actuarial valuation as of April 1, 2020 used the same assumptions to measure the total pension liability.

The actuarial assumptions used in the April 1, 2022 valuation are based on the results of an actuarial experience study for the period April 1, 2015 – April 1, 2020.

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	32 %	4.30
International equity	15	6.85
Private equity	10	7.50
Real estate	9	4.60
Opportunistic/Absolute Return Strategy	3	5.38
Credit	4	5.43
Real assets	3	5.84
Fixed Income	23	1.50
Cash	1	0.00
	<u>100 %</u>	

The real rate of return is net of the long-term inflation assumption of 2.5%

Discount Rate

The discount rate used to calculate the total pension liability was 5.9%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based upon those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability (Asset) to the Discount Rate Assumption

The following presents the Village's proportionate share of the net pension liability (asset) calculated using the discount rate of 5.9%, as well as what the Village's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (4.9%) or 1-percentage-point higher (6.9%) than the current rate:

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

	1% Decrease (4.9%)	Current Assumption (5.9%)	1% Increase (6.9%)
ERS Net Pension Liability (Asset)	\$ 105,882	\$ 43,815	\$ (8,049)
PFRS Net Pension Liability (Asset)	1,235,959	592,915	60,436

Pension Plan Fiduciary Net Position

The components of the net pension liability (asset) of participating employers as of March 31, 2023 were as follows:

	Employees' Retirement System	Police and Fire Retirement System	Total
	(Dollars in thousands)		
Employers' total pension liability	\$ 232,627,259	\$ 43,835,333	\$ 276,462,592
Fiduciary net position	211,183,223	38,324,863	249,508,086
Employers' net pension liability	\$ 21,444,036	\$ 5,510,470	\$ 26,954,506
Ratio of Fiduciary net position to the employers' total pension liability	90.78%	87.43%	90.25%

2. Long-Term Liabilities

a. The Village had the following long-term liabilities:

- Net Pension Liability – Represents the non-current portion of the liability to the various state retirement systems.
- Other Post-Employment Benefits (OPEB) – Represents the non-current portion of the liability to current employees and retirees.
- Compensated Absences – Represents the value of earned and unused portion of the liability for compensated absences.

b. Summary of long-term liabilities – The following is a summary of long-term liabilities by fund:

	<u>General Fund</u>
Net Pension Liability	\$ 636,730
Other Post-Employment Benefits	2,602,596
Compensated Absences	319,926
Total Long-Term Liabilities	\$ 3,559,252

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

c. The following is a summary of changes in long-term liabilities:

	Total	Net Pension Liability	Other Post- Employment Benefits	Compensated Absences
Payable at beginning of fiscal year	\$ 2,886,330	\$ 67,544	\$ 2,525,085	\$ 293,701
Additions	747,230	569,186	151,819	26,225
Reductions	(74,308)	-	(74,308)	-
Payable at end of fiscal year	<u>\$ 3,559,252</u>	<u>\$ 636,730</u>	<u>\$ 2,602,596</u>	<u>\$ 319,926</u>

Additions and reductions to unbilled retirement and compensated absences and other post-employment benefits are shown net since it is impractical to determine these amounts separately.

C. FUND BALANCE

The government's fund balance classification policies and procedures are as follows:

1. For committed fund balances:
 - a. The government's highest level of decision-making authority resides with the Board of Trustees.
 - b. The formal action that is required to be taken to establish (and modify or rescind) a fund balance commitment is through formal resolution by the Board.
2. For assigned fund balances:
 - a. The body or official authorized to assign amounts to a specific purpose is the Board of Trustees.
 - b. The policy established by the governing body pursuant to which the authorization to assign amounts to a specific purpose is given to the Board of Trustees.

In circumstances where an expenditure is incurred for a purpose for which amounts are available in multiple fund balance classifications (that is restricted, assigned, or unassigned), the expenditure is to be spent first from the restricted fund balance to the extent appropriated by either budget vote or board approved budget revision and then from the assigned fund balance to the extent that there is an assignment and then from the unassigned fund balance.

The Village has made the following fund balance designations: As of May 31, 2023, \$290,000 has been assigned to the subsequent year budget, and \$1,230,651 has been assigned as follows:

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

Feasibility Study	\$	367,268
Unpaid Benefits		248,254
Building Construction/Restoration		233,769
Tax Stabilization		187,906
Police and Marine Equipment		111,203
Highway		65,713
Celebrations		16,538
Total		\$ 1,230,651

D. POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description. The Village administers a single-employer defined benefit healthcare plan (“the Retiree Health Plan”). The plan provides lifetime healthcare insurance for eligible retirees and their spouses through the Village’s group health insurance plan, which covers both active and retired members. The Retiree Health Plan does not issue a publicly available financial report.

Funding Policy. The Village contributes 100% of the cost of current-year premiums for eligible retired plan members and their spouses. For the year ended May 31, 2023, the Village contributed \$21,330 to the plan. Plan members receiving benefits make no contribution. The Village recognizes the cost of providing benefits by recording its share of insurance premiums as expenditures in the year paid.

Benefits Provided. As of May 31, 2023, the following employees were covered by the benefit terms:

Active employees		3
Inactive employees entitled to but not yet receiving benefit payments		-
Inactive employees or beneficiaries currently receiving benefit payments		3
Total		6

Total OPEB Liability. The Village’s total OPEB liability of \$2,602,596 was calculated using the entry age normal actuarial cost method as of May 31, 2023. For the year ended May 31, 2023, the Village recognized OPEB expense of \$98,841.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the May 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll
Bond Yield	2.00%
Discount Rate	2.00%
Projected Salary Increases	2.00%
Percentage Participation	100.00%

Mortality rates were based on Pub-2010 Public Retirement Plans Mortality Tables, with mortality improvement projected for 10 years.

Turnover assumption was derived from data maintained by the U.S. Office of Personnel Management regarding the most recent experience of the employee group covered by the Federal Employees Retirement System.

NOL and ADC calculated using the Alternative Measurement Method in accordance with GASB methodology.

Changes in the Total OPEB Liability

Balance at May 31, 2022	<u>\$ 2,525,085</u>
Changes for the year:	
Service cost	37,184
Interest	54,861
Changes in benefit terms	-
Difference between expected and actual experience	(52,978)
Changes in assumptions and other inputs	59,774
Employer contributions	<u>(21,330)</u>
Net changes	<u>77,511</u>
Balance at May 31, 2023	<u><u>\$ 2,602,596</u></u>

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the Village, as well as what the Village's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.00%) or 1 percentage point higher (3.00%) than the current discount rate:

	1% Decrease (1.00%)	Discount Rate (2.00%)	1% Increase (3.00%)
Total OPEB Liability	\$ 3,093,276	\$ 2,602,596	\$ 2,216,977

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rate. The following presents the total OPEB Liability of the Village, as well as what the Village's total OPEB liability would be if were calculated using the healthcare cost trend rate that is 1 percentage point lower (3.2% increasing to 3.7%) or 1 percentage point higher (5.2% increasing to 5.7%) than the healthcare cost trend rates:

	1% Decrease (3.2% increasing to 3.7%)	Healthcare Cost Trends Rate (4.2% increasing to 4.7%)	1% Increase (5.2% increasing to 5.7%)
Total OPEB Liability	\$ 2,203,328	\$ 2,602,596	\$ 3,097,123

E. CONCENTRATIONS OF RISK

The Village maintains all cash and cash equivalents in several depositories. FDIC insurance covers the combined amount of all time and savings accounts up to \$250,000 (per official custodian) for demand accounts and time savings accounts separately. All deposits in excess of the FDIC limit are fully collateralized.

F. COMMITMENTS AND CONTINGENCIES

Fire Contract

The Village entered into a five-year contract with the Village of Northport for fire protection services on April 3, 2018. During the year ended May 31, 2023, the Village paid \$159,868 for these services, recognized as an expenditure in the General Fund.

Feasibility Study

In the fiscal year ended May 31, 2001, a contract for the performance of a feasibility study was entered into between the Army Corps of Engineers and the Village of Asharoken. The total estimated cost of the study was projected to be \$1,996,500, of which the portion paid by federal funds was estimated to be \$998,250, or 50%, and the balance paid through non-federal in-kind services of \$50,000, and state and Village shared funding. The estimated cost of the Village's portion of the liability was \$367,268, which has been recorded as an assignment to the General Fund Balance. The costs for this contract have not yet been incurred and/or invoiced; therefore, no liability has been recorded in the financial statements.

**INCORPORATED VILLAGE OF ASHAROKEN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MAY 31, 2023**

State Grants

The Village is a recipient of a number of State grants. These grants are administered by various agencies. These grants are subject to various compliance and financial audits by the respective agencies administering the grants, which could lead to certain disallowances. The Board believes that they have substantially complied with the rules and regulations as specified under the various grant agreements as well as rules and regulations of the respective agency for each grant.

Tax Certiorari

From time to time, the Village is involved in certiorari proceedings under which taxpayers seek reduction in the assessed value of property upon which taxes are measured. A reduction in assessed valuation may result in a refund of real property taxes previously paid by the claimant. It is not possible to estimate the amounts of refunds, if any, that the Village may be required to make for taxes collected through May 31, 2023, which could affect future operating budgets of the Village.

Litigation

The Village is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; errors and omissions; natural disasters, etc. These risks are covered by commercial insurance purchased through independent third parties. There are no contingencies that the Village is aware of that would have a material impact on the financial statements.

G. SUBSEQUENT EVENTS

The date to which events occurring after May 31, 2023, the date of the most recent financial statement of net position, have been evaluated for possible adjustments to the financial statements or disclosure is November 16, 2023, which is the date on which the financial statements were available to be issued. On July 21, 2023 the Village received noticed that it had been awarded a \$1,076,000 grant from FEMA for Sea Wall Shoreline/Rehabilitation project.

Notes to Schedule:

The information in this schedule is intended to show 10 years. However, as of May 31, 2023 only five years are available.

No assets are accumulated in a trust that meets the criteria in GASB No. 75 to pay related benefits.

There have been no significant changes in benefit terms, the size or composition of the population covered by the benefit terms, or assumptions used.
