seconded by Mayor Letica.

Trustee Jablonski	Abstain
Trustee Ettinger	AYE
Deputy Mayor Pierce	AYE
Mayor Letica	AYE

Motioned Carried.

Mayors Report: It was a very quiet month and I do not have anything of a formal nature to report.

I note that our next meeting will be after July 4th. The Village has formalized the fireworks display by Grucci and the tugboat and the barge. Because there was a malfunction last year Grucci is going to do a double finale to compensate. I once again thank, Carole Casamassima, Linda Letica, Kerry Kruckle, Christine Cappy and Meg Cleary, as well as residents who made individual donations, for their efforts to raise money to support this amazing Asharoken tradition.

Lastly, a comment on bonfires. I commend the residents for being very compliant with the beach fire regulations that the Village adopted. A reminder letter will be sent out later in the month to refresh your knowledge of the statute. Fire safety is of paramount importance. As long as everyone is very careful and follows the rules, this terrific Asharoken tradition will live on.

Trustees:

Deputy Mayor Pierce: I am continuing to work on the SC Hazard Mitigation Plan which is nearing completion. I participated in a webinar on DHSES training-new system of project tracking and payments. I participated in a Teams call with the Mayor and Catherine Fee on bonding for grants. I completed a yearly certification with DHSES. I am working on the Village Code, I reviewed the May draft minutes, the police report, the abstracts, payment vouchers and checks.

Trustee Ettinger: May was once again an extremely busy and active month for our police. We continued to issue an increased number of summonses, probably related to the new nice weather, as the summer months always seem to produce more speeders than in the winter months.

During the month I also had several discussions with OIC Ray Mahdesian regarding the planning for the July 4th Fireworks Event. As in previous years, a great deal of planning will be done before the event and we will consider every possible contingency and will be prepared to handle them. Hopefully, the weather will once again cooperate and we will have another beautiful day with wonderful celebrations and no serious incidents.

Some other matters that I was involved in during the month are as follows:

I reviewed the proposed modifications to our Village Code Chapter 57 regarding Animals; Dogs and Poultry, the various E-Code questions regarding the codes related to our Police Services and Waterways Services, the Proposal we received regarding the Village Stormwater Program and the Letter we received from our auditors, Skinnon and Faber. I also reviewed some correspondences that we received from some of our residents, the foils that were received during the past month, last month's BOT Regular Meeting's Minutes and this month's Abstracts for the Payment Vouchers.

Trustee Jablonski: I reviewed the minutes, the vouchers, the police report, the stormwater proposal and did some work on the village codes.

Attorney Migatz: The only board that met was the Zoning Board. They met on May 18th on the continued application of Mr. & Mrs. Halpern of 3 Clam Shell Lane, side yard setback variance requested for a garage and mudroom. The matter was continued again without date, waiting for a revised plan to be submitted and reviewed.

Village Treasurer: Emily Hayes reported the vouchers totaled \$108,939.71 with \$75,003.49 in May vouchers and \$33,936.22 in June vouchers. Included in the vouchers is the yearly payment for all Village Insurances of \$54,117.64 and the second half of the Grucci invoice for fireworks in the amount of \$13,750.00. There will be a separate resolution for the budget transfers this month.

Police Report: Officer Mahdesian reported 58 summonses this past month. The department has begun 4th of July preparations. We started the marine season Memorial Day weekend. Officer Mahdesian thanked Harbormaster Joe Affrunti for his tremendous efforts.

Superintendent of Buildings: Received drawings for construction of a swimming pool at 7 Beach Plum Drive. Plans were rejected for a Building Permit since important details were lacking, so the package was returned for corrections.

The fence enclosure for the new home being constructed at 90 Cove Road was found to be in violation of advertising limits for the contractor. The Village directed the builder to reduce the signage to one panel, and to re-post the Building Permit.

Reviewed the proposed garage for 3 Clamshell Lane relative to zoning requirements.

Provided feedback to the pool installer regarding a proposed swimming pool at 86 Cove Road. The pool as shown may be in a flood zone, which upgrades the pool foundation requirements.

Regarding the newly replaced shed at 529 Asharoken Av., the new shed was relocated out of the zoning setback areas so is now conforming to requirements.

Regarding deck construction a 3 Beach Plum Drive, subsequent to the homeowner performing structural repairs without a Building Permit, engineered drawings were submitted and these drawings were Approved for a Building Permit.

Regarding 100 Asharoken Av. Belgium block apron, I met with the contractor and clarified apron requirements and fog line standards for this work. The apron was reconfigured to be in compliance.

Review drawings for construction of a new shed at 5 Duck Island Lane, which were approved for a Building Permit.

SITE INSPECTIONS CONDUCTED:

160 Asharoken	New Accessory Garage • Framing-PASSED with minor comments.
250 Asharoken Av	Structural improvements to existing home - Stop Work Order still in effect
	Revised construction drawings were submitted and comments were returned. Project is under way for a new building permit.

3 Clamshell	New Construction – structural framing completed: PASSED

Emergency Manager: Bill Raisch stated that June 1st was the start of hurricane season. He has reached out to Suffolk County Emergency Management to get training on their latest software to integrate responses to emergencies.

Deputy Harbormaster: Bill Raisch stated 15 water ski buoys were put out. Coast Guard Blessing of the Fleet will take place on Saturday, June 13th. The Village along with the Village of Northport and a number of other organizations are all raising oysters and the Northport Historical Society will do a focus on Northport's history of raising oysters.

Harbormaster: Joe Affrunti stated that the police boat was detailed, tuned up and put in the water just before Memorial Day weekend. Most of the speed signs and buoys are in the water, the rest will be placed this week.

The Mayor thanked Joe for continuing to hold the Harbormaster job and take care of the police boat even after having moved out of the village.

Resolutions:

140 **Resolution (2026-69)** Be It Resolved that the Village Board approves the budget transfers for the
141 month of May 2026.

142 Trustee Jablonski made a motion to approve, seconded by Trustee Ettinger.

143 Trustee Jablonski AYE
